YOUNG DISTRIBUTING, Inc.

WORLD'S LARGEST **WURLITZER** DISTRIBUTORS

Eldorado Export Corp.  
120 Liberty St.  
City

April 21, 1948

Gentlemen:

We take pleasure in enclosing descriptive literature of the world famous Wurlitzer coin operated automatic phonographs, popularly known as "Juke Boxes."

The situation on this market has been tight. It has improved however, to the extent that our allocation is now large enough to supply a number of new export accounts. We have for long years enjoyed the reputation of being the largest "Wurlitzer" distributors in the world.

In addition to our regular line of used "Wurlitzer" phonographs, we have available for immediate shipment, a number of popular models of various other makes taken as trade-ins. All phonographs are subject to inspection.

Our used machines are "factory reconditioned" and our prices the most competitive, to facilitate quick, easy, profitable sales. We place at your disposal the facilities of our large organization, and the guarantee that any phonograph purchased through our medium is mechanically perfect, the cabinet, plastics and trimmings reconditioned, and the sound systems completely overhauled, plus a complete service of spare parts.

Our solicitation is based only on our desire to create new accounts. Kindly do not hesitate to communicate with us should you desire additional information.

In anticipation of your future communication and valued orders, we are

Cordially yours,

YOUNG DISTRIBUTING, INC.
